### **Report of the final conference on the teaching practice of 2nd year undergraduates**

On December 14, 2020, the платформе MS Teams final conference on the pedagogical practice of 2nd-year undergraduates of the specialties 7M01511-Informatics, 7M01514-Technologies-Smart City and 7M01124-Pedagogical Dimensions of the Department of Informatics was held on the MS Teams platform.

The conference was attended by members of the commission for the protection of practice reports, undergraduates, heads of pedagogical practice, as well as their teachers of the department. Reports of undergraduates of the department and assessments of their scientific supervisors were listened to. At the conference, undergraduates presented a detailed report on their teaching practice in the form of presentations in Power Point.

The internship of undergraduates was held in a remote format on the MS Teams and Webex platforms. On these platforms, undergraduates conducted lectures and practical classes for bachelors of 1-4 courses. For each lesson, undergraduates developed presentations on new topics, interactive tasks to consolidate the material, which they conducted on online platforms such as LearningApps, Edpuzzle, Wizer.me etc.

During the teaching practice, undergraduates conducted educational events for bachelors in a remote format, during which interns shared their knowledge.

During the internship, undergraduates have acquired and practically skill and planning of educational work, experience of professional activity of a teacher in preparing for classes for theoretical training, as well as such pedagogical experience of qualified teachers of the Department of Informatics.

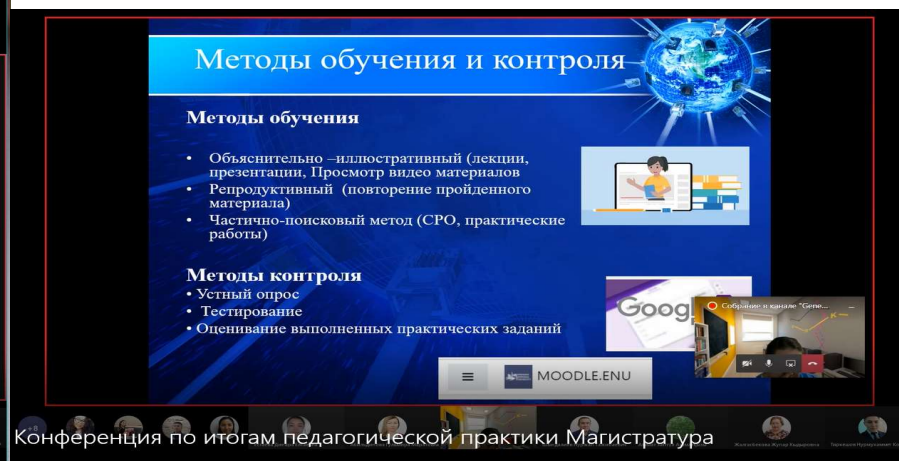

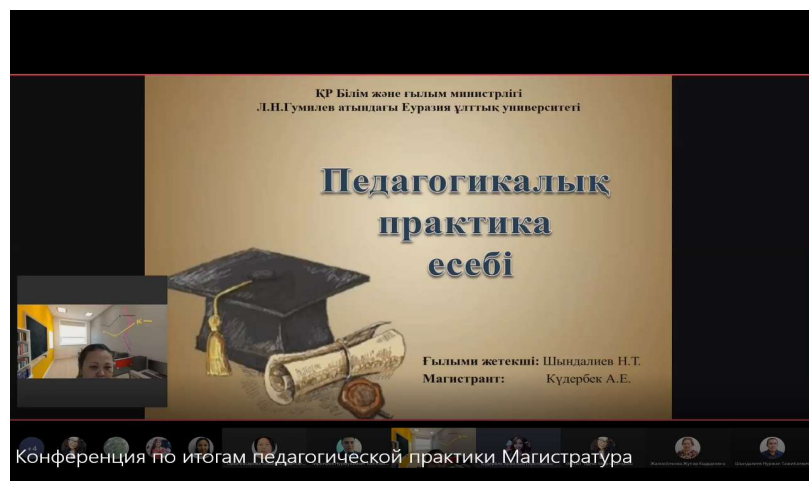

At the end of the final conference, the results were carried out. Undergraduates expressed their gratitude to their supervisors and teachers for their mentoring and assistance in conducting classes.

The average teaching practice score was 92 points, academic performance and quality of 100%.
